1. NATURE OF OPERATIONS

Ethos Gold Corp. formerly known as Ethos Capital Corp. (the “Company”) was incorporated on March 12, 2007 under the British Columbia Business Corporations Act. In 2007, the Company completed an initial public offering and was publicly listed as a Capital Pool Company as defined in Policy 2.4 of the TSX Venture Exchange (the “TSX-V”). In 2008, the Company announced a proposed qualifying transaction (“Qualifying Transaction”). In 2009, the TSX-V accepted the Company’s Qualifying Transaction and filing statement, and the Company began trading on the TSX-V as a Tier 2 company under the symbol ECC. In March 2011, the Company began trading on the OTCQX under the symbol ETHOF. The Company’s registered office is located at 480 – 789 West Pender Street, Vancouver, BC, V6C 1H2.

The Company’s principal business activities are the identification, exploration and development of economically viable mineral properties. To date, the Company has not generated revenues from operations and is considered to be in the exploration stage. The Company’s operations during the three and nine months ended September 30, 2013 were primarily directed towards the evaluation of mineral properties to potentially acquire, explore and develop.

These financial statements have been prepared on the basis that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. The ability of the Company to continue as a going concern is dependent on obtaining additional financing if required through the issuance of debt or equity. There is a risk that additional financing will not be available on a timely basis or on terms acceptable to the Company. These financial statements do not reflect the adjustments or reclassifications that would be necessary if the Company were unable to continue operations in the normal course of business.

2. BASIS OF PREPARATION

Statement of compliance

- (a) These condensed interim financial statements, including the comparative statements, have been prepared in accordance with International Accounting Standards (“IAS”) 34, Interim Financial Reporting. These condensed interim financial statements follow the same accounting policies and methods of application as our most recent annual financial statements and do not include all of the information required for full annual financial statements. Accordingly, they should be read in conjunction with our financial statements for the year ended December 31, 2012. The policies applied in these condensed interim financial statements are based on International Financial Reporting Standards (“IFRS”) issued and effective as of November 6, 2013, the date the Board of Directors approved the financial statements.
- (b) The significant accounting policies applied in preparing these condensed interim financial statements are consistent with those disclosed in the annual financial statements. Several new standards and amendments came into effect on January 1, 2013; however, they do not impact the condensed interim financial statements and are not anticipated to impact the Company’s annual financial statements.
